BOOK SYNOPSIS

Breastfeeding and Human Lactation, Fifth Edition continues as the leading reference for the latest clinical techniques and research findings that direct evidence-based clinical practice for lactation consultants and specialists. Now in its fifth edition, it contains a clear clinical focus with more than 2,000 research studies supporting the clinical recommendations found in the text. This new edition has been thoroughly updated and revised with current research, references, and photos. To make studying and learning easier, each chapter includes key concepts, Internet resources, and evidence-based tables and boxes. Breastfeeding and Human Lactation, Fifth Edition is also an excellent resource to prepare for certification and practice as an International Board Certified Lactation Consultant (IBCLC).
