BOOK SYNOPSIS

COMING IN LATE SEPTEMBER 2013 Six months ago, the world watched in horror as we lost an American city. The Grinder. That's what the survivors of Tucson called the monster. Just one touch, and they became a part of it. It used their bodies as limbs and as weapons. In just a matter of hours, it became huge, a towering monstrosity made entirely out of tens of thousands of people and animals. This isn't behind-the-scenes bullshit from the point of view of the military. This isn't yet another conspiracy theory about what really happened to Air Force One that night, or about the decision to nuke Tucson. This is a rare, eyewitness account. But most importantly, it is the terrifying truth.
