Imagine a virtual landscape where everything is created and owned entirely by residents like you. Imagine a place where you can enjoy sunsets, ride a jet ski, buy land, plant a garden, get a tattoo, go sky diving, spend an evening dancing the night away, or relax at home by the fire. Picture a world vividly developed, socially dynamic, and strikingly real where you can bring previously unimaginable things to life with friends from around the globe. This is Second Life®, the hottest Internet phenomenon in years...maybe ever! Now, there's a totally real, totally independent guide to Second Life. This full-color book is as rich as Second Life itself! It's packed with insider tips, easy step-by-step techniques, and interviews with dozens of SL residents telling you what they wished they knew when they started! Brian White pulls no punches: You'll learn exactly what's great and not so great about SL...how to thrive in its unique culture, and how to create your dreams! The more time you spend in Second Life, the more useful this book will become...teaching you more advanced skills; everything from vehicle construction, Linden Scripting Language, particle systems, to creating custom animations and the new sculpted prims!
